# COLOMBIA INVESTMENT SUMMIT 2·0·2·1

ProColombia invites you to participate in the 7th version of the **COLOMBIA INVESTMENT SUMMIT**, the most important Foreign Direct Investment event in Colombia (Latin America) from October 20th to 26th, 2021. This event will be hybrid, which means it will take place both through a virtual platform and on site. The Colombia Investment Summit will showcase all measures taken for Colombia's prosper economic reactivation and the role of Foreign Direct Investment in it, as well as the goals accomplished in terms of business and competitiveness. The Summit will feature the President of Colombia H.E Ivan Duque Marquez and Cabinet Ministers.

In addition, the Colombia Investment Summit will provide the opportunity to book one-on-one meetings with local companies, project managers and government entities, which will provide further insight into the country's investment climate.

IT'S TIME TO INVEST IN [COLOMBIA.COM.CO](https://www.colombia.com.co)

# THIS IS THE BEST TIME TO INVEST IN COLOMBIA.

Cartagena de Indias

## HERE IS WHY.

1. Colombia has a vast geography and all of its dynamic regions nurture the country's economic development.
2. Colombia is also an export platform located in the heart of the Americas.
3. Companies in Colombia boost their businesses thanks to the outstanding workforce and easy access to global markets.
4. Colombia stands out for its political and economic stability that provides support and confidence to investors.
5. Colombia offers investment opportunities in a sustainable, innovative and multisectoral ecosystem.

In 2020 Colombia has officially become an OECD Member.

Colombia offers a Free Trade Zone regime (FTZ) where companies obtain a reduction of Income Tax from 31% to 20% No import duties. VAT exemption for goods sold from Colombia to FTZ.

Colombia has multiple development centers: 15 cities with a population of over 500,000 inhabitants and 27 cities with more than 250,000 inhabitants, which has helped to redistribute the country's growth and economic development in intermediate cities. It is expected that by 2033, two new cities will have over 500 thousand inhabitants each.

Colombia has the third-largest population in Latin America with approximately 51 million inhabitants. Worldwide, the country occupies the 28th position.

Colombian ports connect more than 3,540 shipping routes in regular service, direct and with connection, offered by 27 shipping companies and 8 consolidators destined to more than 493 ports in the world.

Colombia has 17 trade agreements in force, enabling preferential access to more than 60 countries and reaching nearly 1.5 billion consumers across markets, including the United States, the European Union, Brazil, Mexico, Chile, Peru, Costa Rica and South Korea.

During 2021, international air connectivity in Colombia has made significant progress, and airlines such as American Airlines, among others, are betting on Colombia as a connectivity hub. By the end of July 2021, a total of 712 direct international air frequencies per week were registered, which connect Colombia with 22 countries. Currently, 21 airlines operate international routes in the country.

The background of the entire page is a high-contrast, industrial photograph. It features a large, metallic, cylindrical component, possibly a turbine or engine part, with a bright, glowing orange-yellow light emanating from its center. To the left, there is a pile of bright, metallic shavings or chips. The overall color palette is dominated by deep blues and greys, with the bright light providing a focal point.
